The Nashville Wedding Stylist team of Devin and Nichole absolutely KILLED IT for me and my girls' hair for my NYE wedding!! Everyone looked absolutely beautiful. They listened to what the girls wanted and gave them all great looks. Devin and Nichole had to work under the pressure of a crunched timeline after some morning-of changes, and they handled it with ease and were working faster than planned and still giving everyone just what they wanted. Devin was also a godsend for the extra time we had her stay, helping get my veil in during photos and then doing touch ups right before the ceremony. I would highly recommend working with this team!

This is the first review I am writing after my wedding, and its for good reason. If I had the opportunity to go back and choose my hair and makeup artist 100 times over, 100/100 I would choose DeLaney and her team! Who isn't nervous about how their wedding hair and make up will turn out? I was. But Delaney absolutely EXCEEDED my expectations and did such a flawless job. I still can't believe how perfect her work was! In fact, I've never been apart of a wedding party where there wasn't at least 1 person unhappy with their hair or make-up, but every single one of my bridesmaids was so excited about how they looked, so a huge thank you to Courtney R, Sonya, and Kaylin as well! I want every bride to be to know about how great and vital MHD was on my wedding day!
